

#100forYemen

5 July 2020

Update

1. Charitable distribution underway
2. Announcement

1. Charitable distribution underway

Distribution is well underway.

Food basket distribution has commenced across Yemen through the #100forYemen effort.

86,000 food baskets have been fed in this way since 2018. Each basket contains:

- White flour 25 kg.
- Thai rice 10 kg.
- Sugar 10 kg.
- 3 litres of oil.
- One Carton tomato paste (roughly 2.5kgs)
- powdered milk 1 kg.
- Anti-bacterial soap for 6 bars per family.
- Clorox Anti bacterial liquid 500 ml.
- Laundry soap 1,200 grams.

Pictures below of the emergency food distribution in Saada, the northernmost governorate in Yemen.

RESTORING HOPE

The Coronavirus situation is worsening, so efforts such as the distribution of supplies to the renal failure and the Covid isolation unit in Sana'a are critical.

Supplies are being taken to remote, hard to reach areas. The truck below queued for five days to obtain 20 litres of petrol, in order to take urgently required supplies to their destination.

2. Announcement

As the campaign tonight **crosses £50,000 raised, we are indebted to the Lady Fatemah Charitable Trust**, who have **committed to match funding via generous donors**. That means every donation will be doubled.

We are able to increase our fundraising target to £75,000. If we hit this, the match funding will take the total amount raised for live-saving aid to Yemen to **£150,000**.

Thank you to one and all – crowdfunders and donors alike.
